

Find the Match

Match the images to their shadows

The image shows a matching exercise with two columns of items. The left column contains five colorful illustrations: a bee, a hand holding a honey dipper with honey, a pink flower, a beehive, and a purple flower. The right column contains five black silhouettes (shadows) of the same items: a flower, a bee, a beehive, a hand holding a honey dipper, and a flower. A dashed arrow points from the colorful bee to its shadow.
